Subject: RE: Oil Gas compliance report exercise

Marcia is the lead on this one so hopefully she can help out. I'm not actively part of this exercise but look forward to seeing what the data shows.

Hmm, sounds like it might have been locked by another user... I haven't been involved in this exercise. + Karen for insight.

I did make some changes to the excel ss from the meeting so maybe that is why it looks different. I'm not sure what the sync problem is. Do you want to skype me into your

screen and see if we can figure it out? I am free until 3:30. Reading the O&G Policy package and hopefully staying awake.

Hi Amy and Marcia,

I was sync the folders related to the 40a reconsideration workgroup and when I tried to open them it only opens as a read only. Has anyone else mentioned similar problems? Also, we were suppose to copy paste certain information to the document title "Copy of OOOOa Reports Evaluation", when I opened it, it looked different of the document Marcia was showing during the meeting. Am I using the correct one?

Rob- thanks! Karen or Marcia will need to send you, Cindy and Diana the Monday invite, I don't have it.

Himanshu + YOU! So sorry!

I think you meant to tell Himanshu as Natalia works in R3.

BUT I do have 2 questions: 1) I don't have a meeting request for Monday (but I am not familiar with the files either) and 2) do you have Cindy Kaleri and/or Diana Lundelius on the invite/access list as they would be more helpful than me?

Hi Rob and Natalia- -

Natalia you should now have access to the sharepoint site for the purpose of the OOOOA compliance report exercise. Please let me know if you have any issues accessing the site.
